Scot Mende Memorial Fund – *Make No Small Plans*

*Supporting mentoring, professional development,
and training for planners of all generations
in the Sacramento Valley.*

The Sacramento Valley Section of the American Planning Association (SVSAPA) is recognizing Scot Mende’s outstanding contributions to the Section and to the profession of planning by establishing a memorial fund in his honor. Scot was instrumental in creating and leading the SVSAPA’s PLAN Sac Valley mentorship program, professional development and leadership activities, and AICP related training and CM credit programming. The Section Board and SVSAPA members believe that this fund will ensure that these important programs continue as a tribute and ongoing legacy to Scot, reminding us all of the potential that great planning can realize and of those planners that have made, and left, the world a better place.

Scot, thank you for always encouraging us to – Plan Big.
